*Elegant and Versatile Beyond Imagination*

The World's leading manufacturer of Digital Grand Pianos introduces our new HG-437e Baby Grande Digital Piano. It combines technically advanced performance features with traditional elegance.

The new HG-437e Baby Grande Digital Piano offers an amazing combination of performance features for endless musical possibilities, all at the lowest price point in the music industry. A new natural advanced graded hammer action keyboard delivers authentic grand piano touch while stereo

and 3D instrument sound samples with programmable digital effects deliver astonishing acoustic realism. A host of auto accompaniment features include 100 professionally arranged rhythm styles. Compose your own original songs with the music sequencer. Record up to five separate tracks of instrument parts. Save compositions to the disk drive or playback music files and sing along to lyrics displayed on the backlit LCD. The versatile new HG-437e is your musical entertainment center.
