# Features at a Glance

## Authentic Grand Piano Feel

Dynamic Acoustic Realism. The TSI-1ei's deluxe graded hammer action keyboard brings the feel of an acoustic grand piano to Suzuki's entire digital piano line. Its weighted hammer action design offers superb response and smooth feel that will satisfy the most demanding performer.

## Incredible Sound

Suzuki's acclaimed sound imaging technology is used to create a stereo acoustic piano sound of remarkable depth, expression and realism. Instrument voices use 3D sound source sampling for incredible dynamic response.

## Variety of Versatile Performance Options

Our 64 note polyphony ensures no dropped notes even with the most complex piano passages. Digital signal processing (reverb, chorus) and EQ allows you to sound sculpt your performance to your personal style and taste. The layer and split piano functions with sound balance controls guarantee beautiful, rich full sounding instrumentation. 5 track music recorder allows the beginner or performing musician to monitor daily progress.

## Impressive Ensemble Performance Features

An amazing combination of 128 voices, 100 rhythm styles and recording features create endless musical possibilities. New rhythm styles offer a wide variety of every type of music you can imagine.

Professional styles make you a member of a world class band of your choice. Rock to Bach, World Beat to Jazz ensembles, Boogie Woogie to New Age, your musical spectrum is limitless.

## Integrated iPod® Docking Station

The TSI-1ei's integrated iPod Docking Station can turn your piano into an entertainment center for the whole family. Or just play and sing along with your favorite tracks.

## USB Advantage

The TSI-1ei's USB port opens a world of exciting add-ons and extra functionality. Plug and Play directly with your laptop or desktop computers. Or you can use the MIDI ports to transmit and receive data from other musical instruments or computer accessories. Additionally a full compliment of stereo audio in and out jacks make sure your piano is integrated with any or all of your electronic components.

## Play Along Songs

Choose from 50 preset songs for instant playing with the included songbook. Simple to advanced songs allow for separate practice with the left hand or right hand or play along with both hands.

## Powerful Sound Delivery Systems

The TSI-1ei features a powerful speaker system designed to maximize the expressive Suzuki acclaimed sound imaging technology. High grade speakers and cabinetry deliver a truly dynamic sound, rich with presence and power.
